Portuguese Pharmaceutical Manufacturer chooses SADE SP140 Weight Sorter

One of the leading pharmaceutical manufacturing companies in Portugal took delivery of a SADE SP140 tablet and capsule weight sorter in early 2015. This unit was supplied via CI Precision's agent in Portugal, Cosolma Lda.

The reason given for choosing a weight sorter from CI Precision against other suppliers was performance

and suitability for

the intended use. To complement the SADE SP140 unit, the pharma manufacturer also purchased Validation Support Documentation, Full Spares Pack and SP Connect Software licence.

On being asked whether he would recommend SADE SP sorters to other companies, the Production Manager replied, "Yes, because they have shown to be reliable, easy to clean and use."

Commenting on the customer service, from sales enquiry to installation, training and after sales support, he comments: "CI Precision has provided a good support."

For more information about the SADE SP range of tablet/capsule weight sorters from CI Precision, or to discuss a specific application please contact us.

SADE SP Models available: SP440, SP240, SP140 and SP-B40 Benchtop.
